

Flashing Heart

Step 1

Place the `show leds` block in the `on start` block and draw a heart.

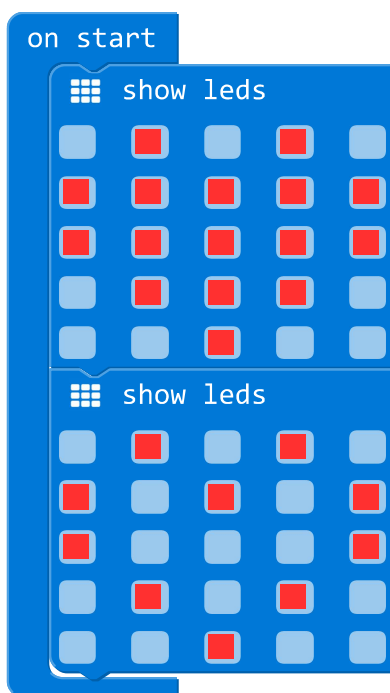

Step 2

Click `Download` to transfer your code in your micro:bit!

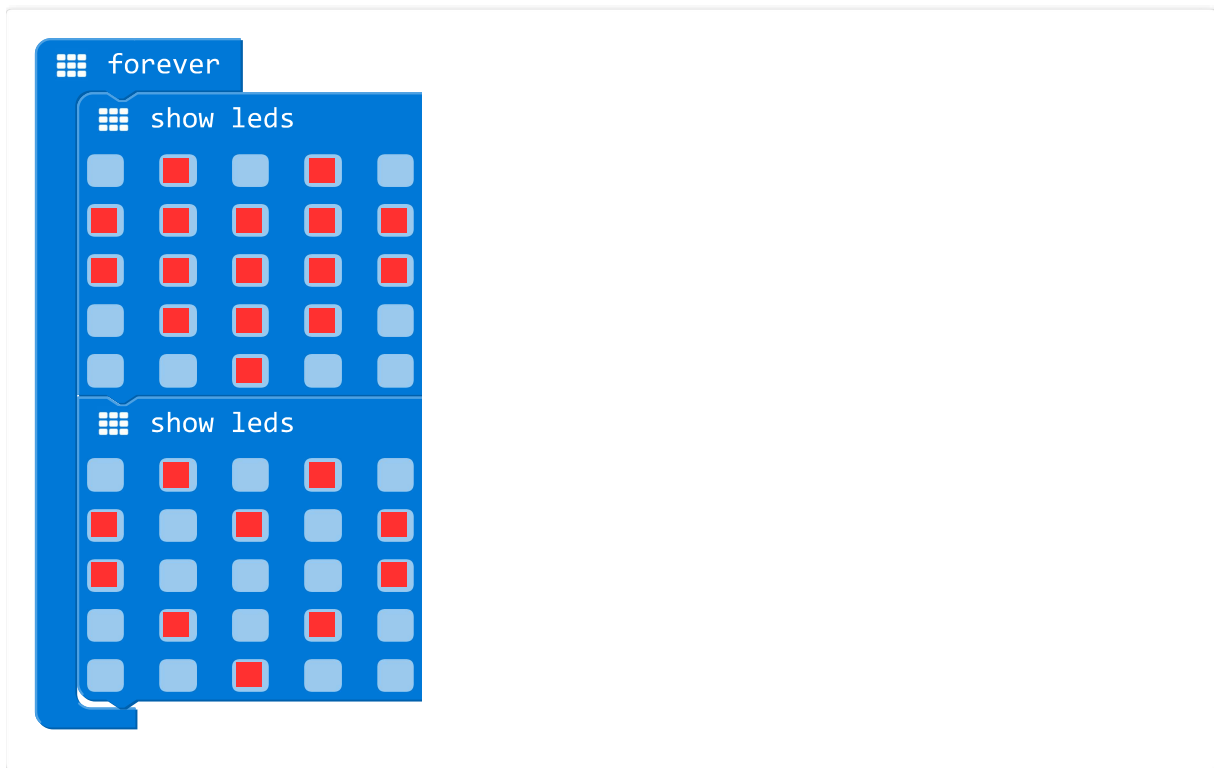

Step 3

Place another `show leds` block under the heart to make it blink.

Step 4

Move the blocks inside the `forever` to repeat the animation.

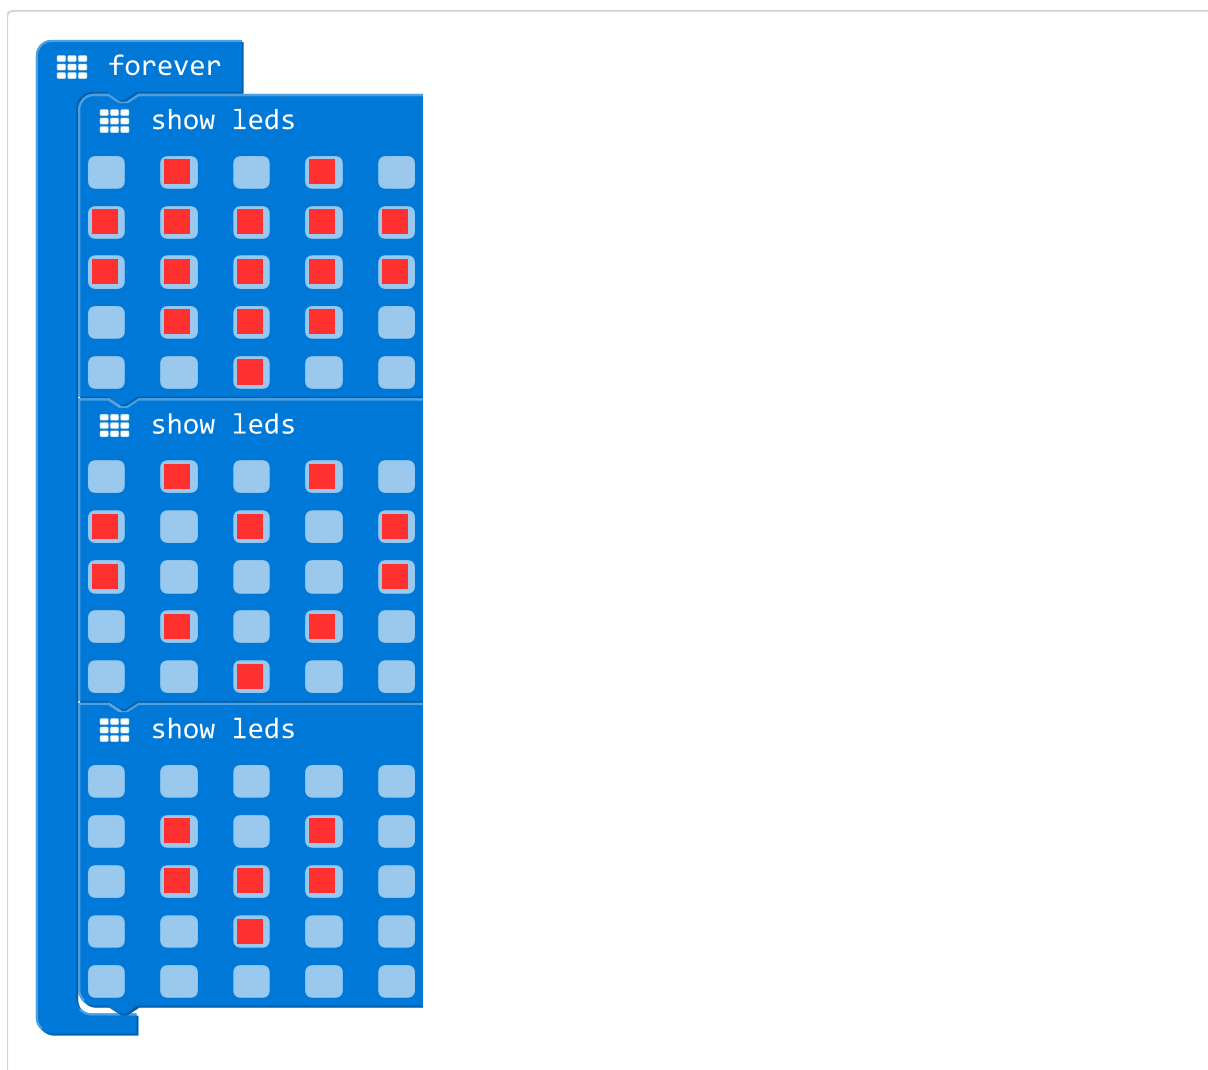

Step 5

Click `Download` to transfer your code in your micro:bit!

Step 6

Place more `show leds` blocks to create your own animation.

Step 7

Click [Download](#) to transfer your code in your micro:bit!
